

Poster Guidelines and Instructions

The Fiber Society Fall 2026 Conference

A typical poster is a single, printed page measuring no larger than 3 feet (91.440 cm) x 4 feet (121.92 cm), in **vertical format only**.

All presentations must be confined to the poster itself. Handout materials are welcomed in the poster session. Other display equipment or devices—such as computers, sound or projection, free-standing or three-dimensional display demonstrations—cannot be accommodated.

We will not have facilities for printing your poster—bring it with you!

The Poster Session is scheduled for Thursday, October 15, from 4:00 p.m. to 5:00 p.m. on the Ground Floor, R&I Park, IIT Delhi campus. You can begin placing your poster starting that morning. Posters must be in place prior to the start of the session. Each presenter will mount his/her poster according to the number they are assigned in the program. Fastening devices will be provided.

Presenters will be responsible for removing their posters by **Close of Conference**. The Fiber Society and the host institution will not assume responsibility for materials left beyond that time.

Presenters are expected to remain with their posters for the duration of the session to discuss their results and answer questions.

Poster Competition

All posters will be reviewed by an outstanding panel of judges that will select three winners from among the submissions. Posters will be evaluated on the following criteria:

- Novelty and significance of the research; focused and captivating;
- Reproducible and informative description of methods and results;
- Correct language, conclusion to the point, clear “take home” message;
- Overall visual appeal; well-arranged text and figures;
- Coherent and readable pictures, figures, and legend;
- Clear and concise oral presentation of the poster by presenter.
